

AERO ENTERPRISES

SHEET METAL COMPONENTS MANUFACTURER AND SHEET METAL SUPPLIER

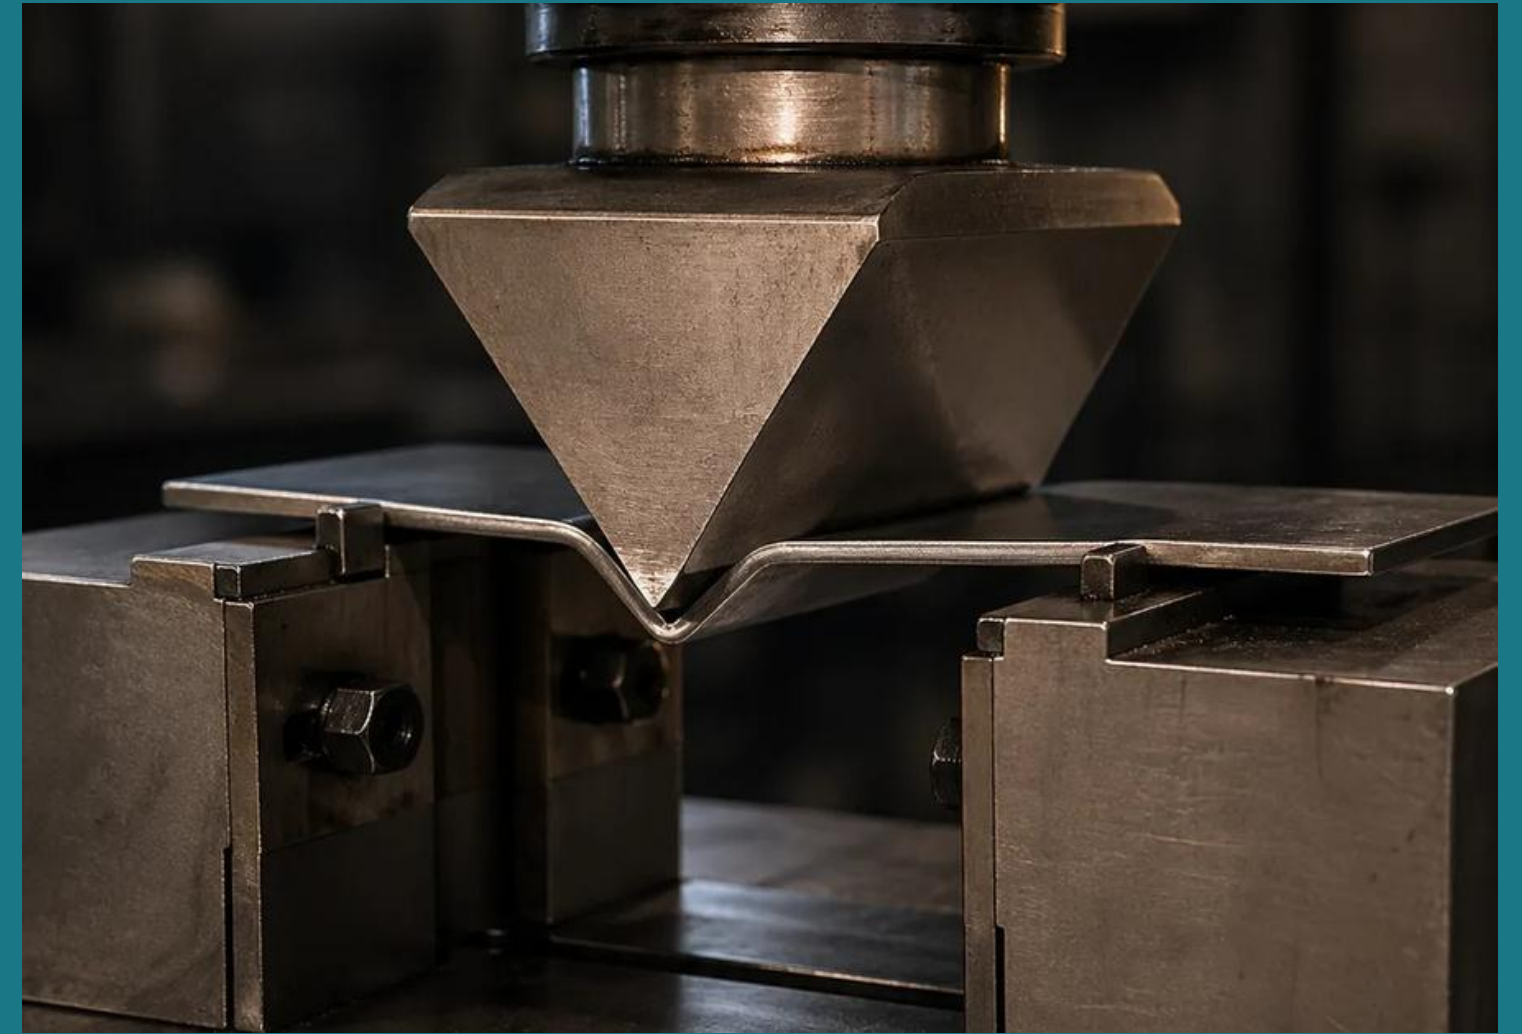

About us

Aero Enterprises is a Vasai, Mumbai based manufacturing company specializing in precision sheet metal components manufacturing and sheet metal fabrication services for LED lighting, automotive, furniture hardware, and industrial applications. With over 37+ years of manufacturing experience, the company supports custom fabrication requirements with a focus on quality, accuracy, and timely delivery.

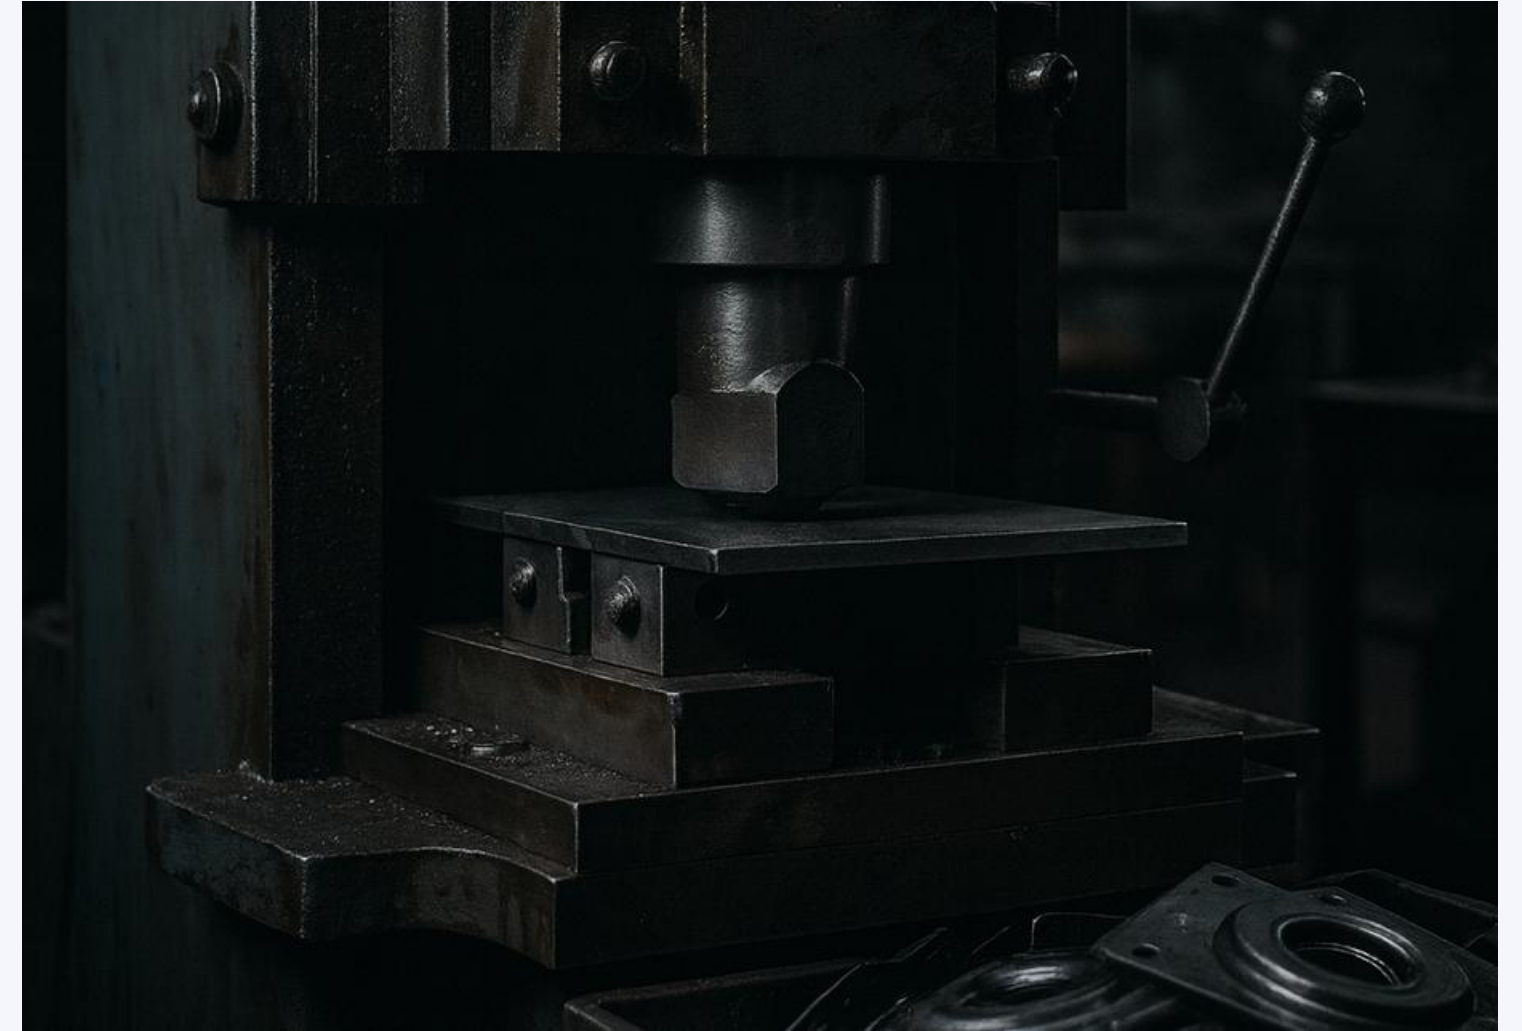

Our Vision

To become a trusted manufacturing partner in the sheet metal industry by delivering precision engineered components with consistent quality, reliability, and long-term customer value.

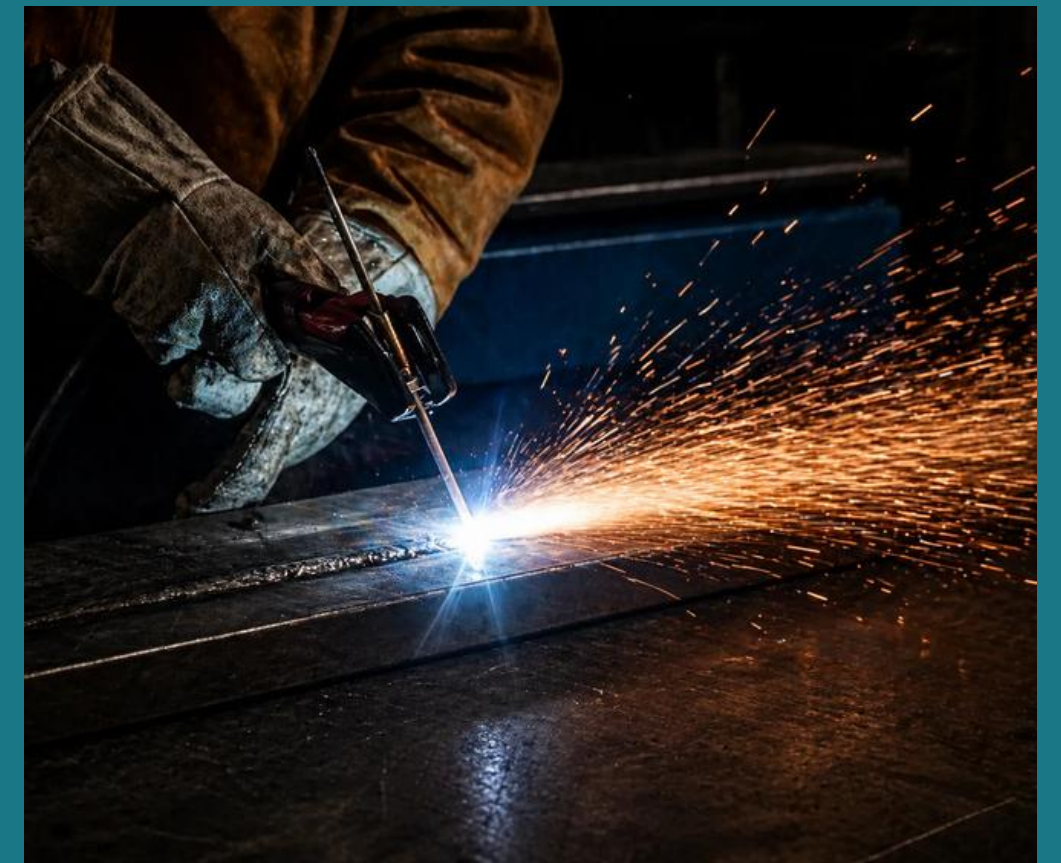

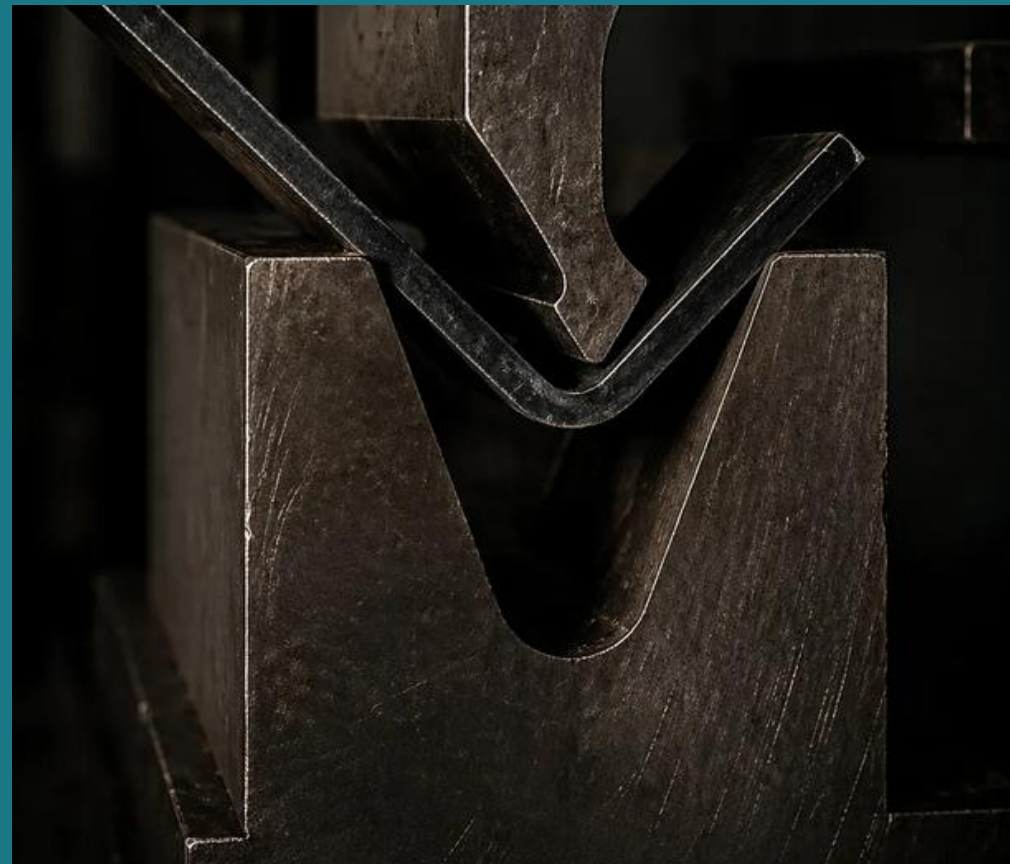

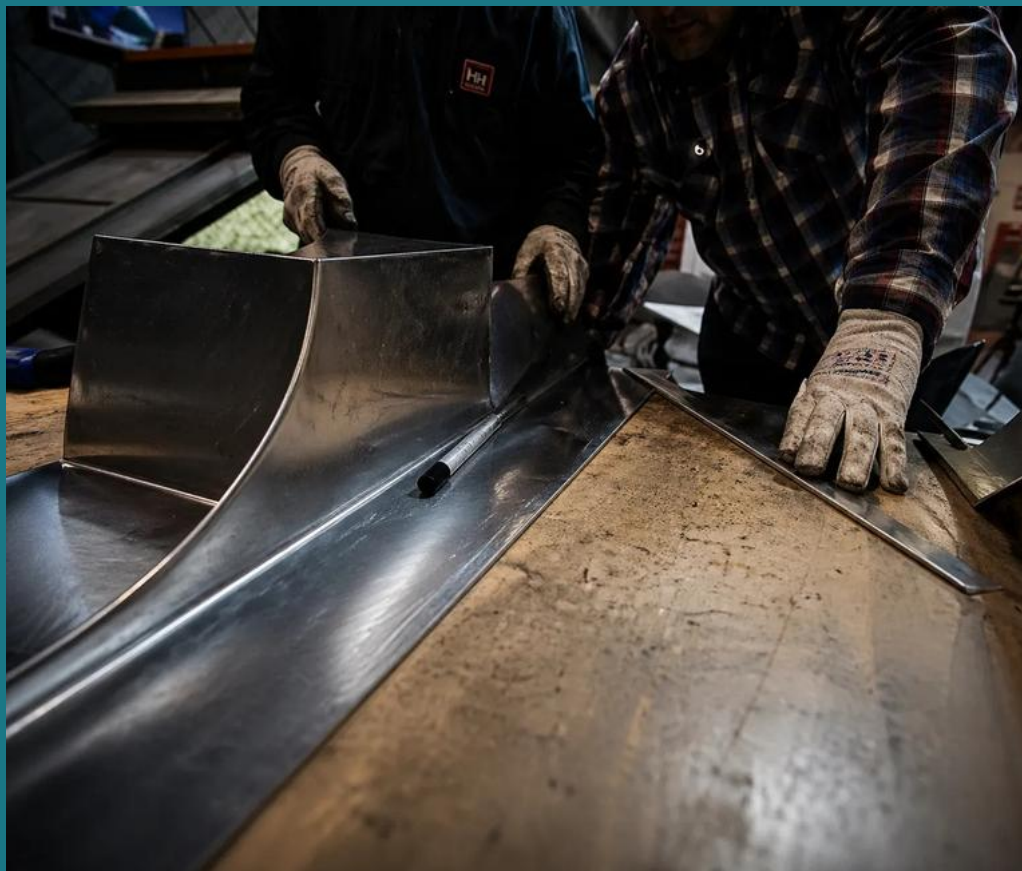

Our Mission

To manufacture high-quality sheet metal and fabricated components through controlled processes, practical engineering, and cost-efficient production while meeting client specifications and delivery timelines.

At Aero Enterprises, sheet metal components are manufactured through a controlled process that includes cutting, pressing, forming, tapping, drilling, welding, finishing, and powder coating. This process helps ensure consistent quality, proper fitment, and reliable production for both standard parts and custom developed parts.
